

Circuit Executive's Office - D.C. Circuit
 USCA 15-0007 SCOPE OR WORK - CM RFQ 15-013

Description: 4700 North Doors and Locksets

Date: September 14, 2015

Scope:

General: The Circuit Executive's Office has many doors and locksets that are lightweight and not commercial grade. This project is to replace them, make all doors uniform in appearance, and bring the locksets into compliance with accessibility codes. 1) All listed openings will either receive a new door or the existing door will receive a new veneer. Door veneers will be applied on both sides and shall be a white oak that matches the approved sample. Sample will be provided by Justine Birrane upon request. 2) All doors shall receive new locksets. The locksets installed in a location without a new BEST cylinder and core will receive a new cylinder and core (cores shall be delivered to Justine Birrane). Locksets with BEST cylinders and cores shall have the cylinders and cores installed in the new lockset. The lockset shall be "F04 - Entry/Office Function" 3). All doors receive new hinges.

Terms:

1	Work shall be performed Monday through Friday 7:00 a.m. - 9:00 a.m. or on weekends.
2	Contractor to submit name, date of birth, and social security number of all workers that will be working on site for this work scope. Submit information after being notified that the proposal has been accepted by the courts. A background check will be performed against the information provided. A purchase order will be issued upon notification that workers are suitable to work, unescorted, in the courthouse. Should it be determine that workers are not suitable a purchase order will not be issued. In this event, an explanation will not be provided; all decisions are final. <u>Not applicable to workers who have already been cleared to work in the building in the preceding six months.</u>

3	Contractors shall work in assigned space only. Contact Justine Birrane at 202.216.7354 for escorted access to and from the work location.
5	Contractor shall take all necessary steps to protect the equipment in the space. Protection, such as tarps shall be placed over equipment in a manner that will not cause overheating.
6	The contractor shall follow all relevant OSHA requirements. Safety glasses, long pants, short-sleeve shirts (as a minimum) and appropriate footwear shall be worn at all times.
7	Provide proposal no later than September 21, 2015.
8	Complete work no later than January 11, 2016.
