NOTICE

Update to Court Operations – December 30, 2021

In light of the current circumstances relating to the COVID-19 pandemic and the latest public health guidance, in-person oral arguments are suspended for January 2022. All oral arguments in January 2022 will proceed remotely by video conference using Zoom for Government.

An audio feed from oral arguments will be live-streamed to the public at no cost on the Court's YouTube channel, except when sealed material is being discussed.

The Clerk's Office will contact arguing attorneys in advance of each oral argument to provide further information.

This policy will be reexamined and modified as necessary as developing circumstances require.

Mark J. Langer
Clerk
