## NOTICE

---

---

### **Update to Court Operations – March 4, 2022**

Subject to adjustment as conditions and the latest public health guidance may warrant, the court will resume holding in-person oral arguments on March 30, 2022. All oral arguments prior to that date will proceed remotely by video conference using Zoom for Government.

An audio feed from oral arguments will be live-streamed to the public at no cost on the court's YouTube channel, except when sealed material is being discussed.

A revised version of the protocols for in-person oral arguments is forthcoming and will be posted to the court's website.

Mark J. Langer  
Clerk
